1

Nav bar with highlighted button for TSC Academy

Hero - Height: **1 vh**
Hook + Direction
Clear Value + **2 CTAs - For Brands & For Artists**

Primary CTA: For Artists (dominant)
Secondary CTA: For Brands (lighter)

The hero should create curiosity and encourage users to scroll down.

------ This line just indicates that the defined section ends here in the Wireframe ------

2

(Optional)

This section will have some **quote** / **line** which should either **create tension** or **add clarity** in the user's brain

3

The Problem – Dynamic height (min 70vh), expands based on content.
First fold communicates core pain instantly, followed by supporting points and visual narrative.

This section should make the artist feel: "this is exactly my situation"

------ This line just indicates that the defined section ends here in the Wireframe ------

4

The Solution – Dynamic height (min 70vh), expands based on content.
This section will clearly state what we are building.

This section should make the artist feel: "this is something different"

------ This line just indicates that the defined section ends here in the Wireframe ------

5

How it works – Height 1vh.
Dynamic visuals shows how TSC works from onboarding to mentoring/nourishing to Monetizing

Instead of saying what we offer, we can show "**how your journey will change**"

This page will also have a dedicated page which will be linked here and it will have a brief information about the our philosophy and how we work

This section visualizes the artist journey as a structured progression, from learning and creating to releasing and performing. Each stage builds on the previous one, showing clear growth within the ecosystem. Subtly, this is reflected through a nature-inspired analogy: like a plant that is nurtured and developed to eventually bear fruit, artists are guided toward real opportunities and market presence.

6

CTA for Partners

Flow for brands/partners
Brand -> rational -> value -> ROI
Can take brands to dedicated page for Partners for brief the information

"Looking to build culture with artists?"
"Partner with Us"

7

People – Height 1vh.
This section is going to add a layer of credibility, as **TSC** is "**Build by people who shape the Industry**"

By the time users reach this point, they have a clear understanding of the platform and its purpose. Introducing the people behind it at this stage strengthens credibility and adds impact.
